25X1

1. From 8 a.m. to 2:30 p.m. on 27 March 1953, about 24 MiG-15s and 24 Pe-2s were observed at Deutsch Wagram (P 49/S 50) airfield. MiG-15s without auxiliary fuel tanks, which took off at intervals of about 30 minutes, made 30-minute flights. Weather was scattered with moderate northwesterly wind and good visibility.

The occupation of the AAA emplacements at the field could not be definitely determined. Tank truck

with driver wearing black-bordered blue epaulets, were seen at the field.

2. Six sedans, 5 tank trucks and an undetermined number of van-like and other trucks were observed at the motor pool of Deutsch Wagram. The aircraft repair shop was guarded by a sentry who wore black-bordered blue epaulets. Civilians apparently unloaded split flaps at the installation in front of which USIA truck civilian driver, was parked. There was no change in the status of the radar set at the railroad station. Truck and jeep drivers with black-bordered blue epaulets, were seen.

25X1

3. Individual soldiers who wore black-bordered blue epaulets were seen at the barracks camp in Strasshof. The two headquarters buildings at the military post were guarded by soldiers who wore black-bordered blue epaulets. A total of 6 motor vehicles including jeep and truck drivers with black-bordered blue epaulets, were seen near these installations. There was heavy personnel traffic at the camp near the edge of the woods. Soldiers wearing red-bordered black epaulets were seen there. Most of the motor vehicles seen were new. Truck driver with red-bordered black epaulets left the camp.
